

Meridian Semiconductor Employee Handbook

This handbook is a fictional demo document for the Wren portfolio project. "Meridian Semiconductor" is not a real company; all policies below are illustrative.

Vacation Policy

Full-time employees accrue 15 days of paid vacation per year.

Vacation days may be carried over up to a maximum of 10 days into the following year.

Vacation requests must be submitted at least 2 weeks in advance for approval.

Sick Leave Policy

Full-time employees accrue 8 days of paid sick leave per year.

Sick leave does not carry over and resets each January 1st.

A doctor's note is required for sick leave lasting more than 3 consecutive days.

Parental Leave Policy

Eligible employees receive 12 weeks of paid parental leave following a birth, adoption, or foster placement.

Parental leave must be requested at least 30 days before the expected start date when possible.

Leave may be taken continuously or split into two blocks within the first 12 months.

Health Benefits

Meridian Semiconductor offers medical, dental, and vision coverage to all full-time employees.

Coverage begins on the first day of the month following the hire date.

Employees may enroll dependents during open enrollment each November.

Remote Work Policy

Employees may work remotely up to 2 days per week with manager approval.

Remote work agreements must be reviewed and renewed annually.

Fab Operations and Quality roles are not eligible for remote work due to on-site equipment requirements.

Code of Conduct

All employees must complete annual ethics and compliance training within 30 days of their training anniversary.

Violations of the code of conduct should be reported to HR or via the anonymous ethics hotline.

Retaliation against employees who report concerns in good faith is strictly prohibited.
